Sarthak Farswan

CEH | CTIA | CCIO | CNSP | CHFI | NSD

Email: - sarthak.farswan16@gmail.com Phone: - +918527106504

OBJECTIVE

Mission-driven cybersecurity professional and defense aspirant with expertise in **Threat Intelligence**, **Digital Forensics**, and **Network Security**, focused on identifying, analyzing, and neutralizing advanced cyber threats.

EDUCATION —

- BCA (CSIT): Amity University Noida
- 12th Computer science with commerce
- 1year Diploma in cyber security

EXPERIENCE

- **Cybersecurity Trainer** – GICSEH *(01/2023 – 14/08/2023)*
- **Cybersecurity Instructor/Mentor** – NS3 Tech Solutions Pvt. Ltd. *(18/08/2023 – 05/03/2024)*
- **Cybersecurity Analyst** – Demmisto Technology *(25/11/2024 – 05/01/2025)*
- **Cybersecurity Consultant** – CID Crime, Gujarat Police *(26/11/2024 –05/01/2025)*
- **Cyber Crime Intervention Officer** – Solved multiple national & international cybercrime cases *(01/05/2024 – Present)*
- **Cybercrime Investigator / Warrior** – UP Police *(01/08/2024 – Present)*
- **Cybercrime Investigator** – Cyber Forensics & Security Solutions *(20/08/2024 –20/ 09/2024)*
- **VAPT** – National Critical Information Infrastructure Protection Centre *(15/03/2024 – 17/03/2024, Ranked Top 38/9000)*
- **Cyber Security Consultant – DUCAT-INDIA**

TECHNICAL SKILLS —

- Cloud Architect (AWS, AZURE)
- Network Penetration Testing (NPT)
- Windows & Linux System Administration
- CCNA, CCNP
- Network Security & Troubleshooting
- Python, C, C++
- Software Engineering Principles

CERTIFICATIONS

- Certified Ethical Hacker (CEH)
- Certified Network Security Practitioner (CNSP)
- Certified Threat Intelligence Analyst (CTIA)
- National Security Database (NSD)
- Cyber Crime Intervention Officer (CCIO)
- Computer Hacking & Forensic Investigator (CHFI)
- Digital Forensics Essentials (DFE)
- Ethical Hacking Essentials (EHE)
- ISEA certified cyber hygiene practitioner
- CPEW
- Advance Threat and Governance
- Dark web operations

BADGES

- EC-Council Certified Cybersecurity Career Mentor

Work

- Assisted personals of **Indian Navy** in Gathering Intelligence (OSINT)
- Solved International cybercrime cases
- Conducted seminars on THREAT INTELLIGENCE in Multiple Colleges
- Conducted seminars on CYBER SECURITY in Multiple Colleges
- Collaborated with law enforcement agencies on critical cybercrime investigations
- Mentored students and professionals in real-world cyber incident response strategies
- Assisted in real-time analysis of cyber threats targeting critical infrastructure
- Led awareness programs on cyber hygiene and digital safety across universities

Projects

PhishGuard – Phishing Intelligence Dashboard

- Built a client-side tool to analyze suspicious URLs/domains using OSINT sources
- Performs real-time threat detection and domain reputation analysis
- Lightweight, privacy-focused (no backend required)

Whale Watcher – Crypto Transaction Tracker

- Developed a real-time dashboard to monitor large blockchain transactions ("whale activity")
- Provides visibility into high-value transfers and suspicious financial patterns
- Focused on intuitive data visualization for rapid analysis

Project Panopticon – OSINT & Threat Intelligence Framework

- Created a browser-based OSINT platform aggregating data from VirusTotal, AbuseIPDB, and GeoJS
- Generates threat scores, tracks IP/domain reputation, and performs breach checks
- Includes crypto tracing, 3D infrastructure visualization, and LRU caching for performance
